با بیابوم همراه شوید! بیابوم یک استارت آپ در حوزه گردشگری با تمرکز بر بوم‌گردیست، که جذب سرمایه کرده است.

ما در بیابوم برای محقق کردن یک حس خوب شغلی و ساختن فضایی شاد، می‌کوشیم تا افراد در سیر رشد قرار بگیرند. حال به دنبال فردی با شرایط ذیل هستیم:

- Create a unique travel and tourism platform with advanced IT capabilities and services in Iran.
Expectations:
• Experience in planning, designing and delivering software platforms used across multiple products and organizational units.
• Minimum 5 years' experience as a Full Stack Developer building beautiful, scalable and high visibility applications.
• Continually optimizing performance and cost of live solutions and eradicating any bugs that may occur.
• Building and testing APIs for applications to exchange data and enable integration of our platform with third parties.
• Building and maintaining databases that support front-end services.
• Future-proof everything you create by minimizing built-in assumptions, and writing tests where appropriate.
• Engage in architecture, planning, design and visioning sessions
• Researching new technology
• Take responsibility for code repositories
• Establish Development Standards
• Create CI process
• Dependency Reduction mind-set
• Can Reverse Engineer
• Experience with the travel industry as well as multimedia a definite advantage.
• Experience working in a start-up is beneficial.
Skills - Practical and extensive experience in;
• JAVA
• Nodejs
• PHP
• Micro-Service
• Docker
• Kubernetes
• Hibernate
• React Native
• AJAX
• Postgress
• SQL
